

# Fun Science

Children above 5 years old are curious about the world around them! If your student asks lots of questions, loves doing experiments, then this cool science package is for you!

We do all the work from workshops to shows so the children will be kept entertained throughout your one-of-a-kind educational class!

---

## Premium Science Package:

1. **Science Craft - DIY Paper Helicopter**
  - Great for early birds to the party.
  - Takes about 10-15min to make
  - Children play with the helicopter while learning the principle
  - Our lab assistants will facilitate this for up to 1hr
2. **Science Show** (30min)
3. **Science Workshop** for up to 20 children. (45-60min) Choice of 2 of the following workshops:
  - Boomerang Making
  - Bouncing Bubble Solution
  - Lava Lamp Making
4. **Lab coats** for up to 30 children
5. **Free Teachers guide and worksheets** for all the students for follow up after the session.

**\$690! For 20 children (\$15 for additional pax)**

---

# Science Fair Party

## 1. Decorations

Get our 2 x 2m backdrop of Professor Messy's Science lab complete pictures of with test tubes and blackboard scribbling of science formulas!

## 2. Exhibition

Learn more about science with our science exhibits panels and exhibits. (Choose 4)

- **Which one is darker?** – An amazing classic optical illusion which will show how the brain is too smart!
- **Fun periodic table** – A fun way to learn about the different elements.
- **What vegetable?** – A optical illusion which changes as you move near and far.
- **Moving dragon** – The dragon cannot takes its eyes off you!
- **Trick Eye Rubik Cube** – A flat Rubik cube which looks 3D!
- **Hologram** – Take to pick up the hologram object if you can!

## 3. Craft Activity

They can make their own craft activity (1hr, craft activity may take 15-30min). Choose one of the following:

- **DIY Kaleidoscope**
- **DIY Fidget Spinner**
- **DIY Paper Helicopter Making**

## 4. Games for Young Scientists

Learn more about science principles in a fun way! Choose 2 of the following (inclusive of 1 manpower and prizes):

- **Froggie Parabola** – Learn about levers, fulcrum and force with this fun game.
- **Rolling down the hill** – Learn about friction, Gravitational potential energy and kinetic energy in this game.
- **Shockwave** – Learn about electricity and circuits in this hand steadiness game.

## 5. Main Activity

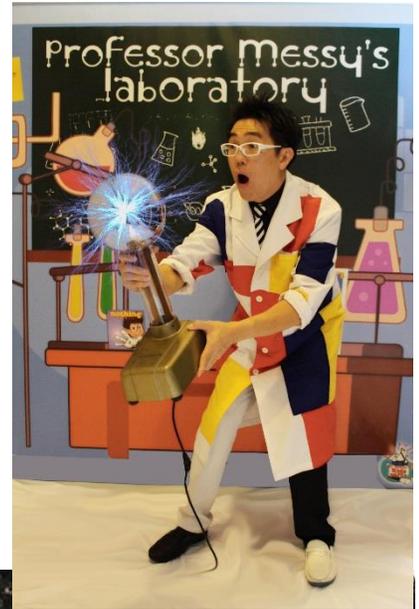

Science Show by Professor Messy (30min)

Want an educational, unique and fun show?

It's all possible with Professor Messy's Science Magic Show. A first and only in Singapore, learn about real science principles and with surprising magical results.

The children will be fascinated with the wonderful world of science interlaced with magic, yet the fun and laughter never stops! Science has never been so entertaining! This is an interactive show and not a demonstration!

This science show is interesting to adults as well as children; grown-ups come up after the show to say they learned something as well!

## 6. Bonus Experiment

Choice of 1 of the following experiments:

- Rocket Shoot-off (only venues with clearing is suitable.)
- Coke Explosion (a mess may be created, outdoors recommended)
- Smoke in a bottle
- Solar Bag (dependent on weather)
- Energy Stick

## 7. Labcoats

Free rental of top labcoats and goggles for all the children.

## 8. Science Workshops

**Science Workshop** for up to 20 children. (45-60min) Choice of 2 of the following workshops:

- Rainbow in a jar **(New!)**
- Galaxy jar **(New!)**
- Boomerang Making
- Bouncing Bubble Solution
- Slime Making
- Lava Lamp Making
- Galaxy stars jar display

## 10. Science Goodies Bags

20 x Science-Themed **Goodies Bags**

- Professor Messy's "Thank you for coming" Paper Bag
- Pencils x 2
- Sharpener
- Notebook

Choice of 2 of the following:

- Foam Aeroplane
- Rubik Cube
- Kaleidoscope
- Bubble Solution
- Magnifying Glass
- Slime

## 11. Sound System

Music commonly use in science "friction" movies (sorry for the pun :P) will be play as background music when the fringe activities eg. Games are ongoing.

## 12. Free Teachers guide and worksheets

**Free Teachers guide and worksheets** for all the students for follow up after the session.

**\$1299 for 20 pax. (\$25 for additional pax)**
